

RENT ERP SOFTWARE

Rent Erp Software

Rent ERP Software is loaded with constructive modules that are very necessary for your rental business and it can be customized according to your unique business needs. Rent ERP helps you manage your customer details, transaction history, account statements, invoices, and etc.

- You can add all types of details from products.
- You can save transaction parties.
- ERP rent software is best software for staff holding, wall or ceiling coverings/drapes.

The screenshot displays the Rent-ERP software interface. At the top, a navigation bar includes the title 'RENT-ERP', a user profile for 'Pragnesh', and links for 'Master', 'Purchase Reg.', 'Transactions', 'Account Reg.', 'Reminder', and 'Report'. On the left, a vertical sidebar lists icons for 'Dashboard', 'Master', 'Purchase Reg.', 'Transactions', 'Account Reg.', 'Reminder', 'Report', and 'Logout'. The main dashboard area is titled 'Dashboard' and contains several buttons for different actions: 'Add New Delivery' (red truck icon), 'Add New Return' (green truck icon), 'Add New Rent Quot' (yellow circle icon), 'Add New Lost Items' (blue folder icon), 'Damage Item Price' (pink icon with a truck and a minus sign), 'Return Party Item' (grey icon with a truck and a plus sign), 'Income Entry' (green dollar sign icon), 'Expense Entry' (red dollar sign icon), 'Contra Payment' (yellow icon with a minus sign), and 'JV Entry' (blue icon with a plus sign). At the bottom of the dashboard, a footer bar contains the text 'Copyright © 2016-2020 printftech. All rights reserved.' and 'Version 3.0.5'.
